The Mombasa Parents Club

14th July, 2021

All Members.

Dear Member,

RE: END OF YEAR 2020 CIRCULAR.

We have come to the end of this unique academic year and we surely thank Almighty God for this far He has brought us. It has not been easy but we have seen His hand in a very special way and have experienced divine protection throughout this academic period.

We appreciate all our parents for your support, sacrifice, cooperation and concern during these unique moments in our lives. May God indeed bless you in all your endeavors. This monster is still hovering around us and we need to pray without ceasing. God will definitely see us through.

Kindly take note of the following:

1. **CLOSING DAY:** We are officially closing the school to bring this academic year to an end on **Thursday 15th July, 2021** for a one week break. Children will leave at the usual time of the day when their lessons are over.
   Lower primary and KG wing will leave at 12:30pm while upper primary will close at exactly 5:00pm in the evening. The parents picking their children should do so in good time.
   The next academic year commences on **Monday 26th July, 2021.**

2. **OPEN DAY:** Since schools are closing for only one week, we do not find it prudent to again have an open day within the same period. We have resolved to give out the report books on the opening day 26th July 2021. This will allow parents who may want to travel within the week a peaceful time.

3. **CLASSES DOING NATIONAL EXAMS NEXT YEAR:** We would like to bring to the attention of all parents that;

    - The current Std. 7 will be sitting for their KCPE in March next year (2022)
    - The current Std. 6 will be doing their KCPE in November 2022.
    - The CBC champions- our Grade 4 pupils who are still at home until we open the school on 26th July, will be taking their National Examinations in the month of November/December 2022 as they wind up primary education and commence or rather join Junior High School in 2023.

    You can therefore see that within one year three classes will be taking their final exams. We are counting on your support and cooperation to enable these candidates excel. Give teachers ample time and peace of mind to enable them prepare our champions thoroughly for these very important exams in their lives. Our teachers are up to the task ahead of them and please let us inspire and motivate them as they do what they do best. In case of any clarification on the matter of these National Examinations, do not hesitate to get in touch with us.

4. **HOMEWORK:** Due to the short break given to the pupils for what would be ordinarily August holiday, the pupils will not be given homework except the two top classes doing KCPE next year to keep them in touch with books. We humbly request that this short time be used by parents to remind the learners the virtues that are core to life and allow them assist in household chores. These skills are key as they grow up.

5. **UNIFORM:** Kindly ensure that your child has the right uniform as per their level, right from shoes to school sweaters. Of particular concern is the socks which must be the long type and not the short ones that disappear within their shoes. Their sports shoes be Bata buckled –white in colour. Any other type will not be allowed in school.

6. **SCHOOL FEES:** For sure, I must appreciate those parents who sacrifice a lot and clear their fees. We are all aware of the hard economic situation brought by this Covid-19 pandemic which has directly affected most if not all of us. I humbly request to clear these balances within the week and forward any payment made back to our school for receipting. Remember cash payment is not allowed in school however little the amount you paying.

7. **PP2 GRADUATION:** These wonderful angels had their graduation ceremony at school with their teachers and it was exemplary. This decision was made to comply with M.O.E protocol for the safety of our pupils. They have been well prepared to

join grade one and we really appreciate their very devoted teachers and mamas who take care of them.

8. **TOILET/CLASSROOM REPAIRS:** We sincerely thank Mr. Twaha for repairing the toilets at the KG wing and three KG classes, and fixing tiles on the floors. We are very grateful for his generosity. May God bless you abundantly.

9. **DISCIPLINE:** The level of moral decay in the society is high and therefore the most prudent thing to do is shield our children against all these vices that surround us all the time. Let us be available for our children and monitor what goes on around them. Let us not allow the modern gadgets bring up children. Control their usage please. Otherwise we thank God for the behavior of your children here. However we still have room for improvement.

10. **CLASS PARTIES:** We once again request that these parties be postponed until when there is completely no Covid-19. Our children like sharing things and this may be a conduit the devil may want to use against us after God has been so good to us such that we have had no single incident related to the virus in the school. Kindly understand.

As teachers of your children, we thank you all dear parents for the support and cooperation you have accorded us over the years. May God bless you abundantly and more so bless the work of your hands.

Yours faithfully,

THE NYALI SCHOOL
