RE: END OF TERM II CIRCULAR 2021

We thank the Almighty God that we have come to the end of the term and we appreciate the support and cooperation we have enjoyed from you our esteemed parents. The term was short but very eventful. We thank God for protecting our beloved angels, staff and parents of this great school. Though with a myriad of challenges here and there, it is our humble prayer that God will continue showering us with His blessings. We trust Him for good health, excellent performance, divine all round protection and long life. We rebuke the spirit of sickness and all manner of diseases, economic hardships and poverty.

1. **CLOSING DATE:** We are officially closing the school tomorrow Friday the 17th day of December 2021 at the usual school leaving times i.e 12:30 pm for KG and Lower Primary wings and 4:00 pm for the Upper primary. Kindly pick your child in good time please so that they are not left to hover around the school. We have done this to allow our parents ample time to travel for Christmas holiday and for easy planning purpose for families that have other engagements towards the end of the year. It is also in the interest of our staff who have worked very hard and closing on 23rd would make travelling hell for them only to be back before a week is over.
2. **OPENING DATE:** All children are expected back to school on 4th January, 2022 at the usual school reporting time without fail. I am sure the additional days given for rest will be sufficient to enable them come back fresh, ready to undertake any assignment given to them.
3. **NATIONAL EXAMS:** Please note that next year our Std. 8 champions will be taking their KCPE in the first week of March while the current Std. 7 and Grade 5 will also be sitting for their end of primary examination in November. They are three

classes and we request that we keep on praying for them so that God can give them excellent results. God is faithful, these champions will for sure shine by the grace of the Almighty God. I request hand in hand with the teachers that you support them and inspire them so that they can focus on attaining super results as God enables them. Give them the peace of mind that is very critical at the moment. We value your support.

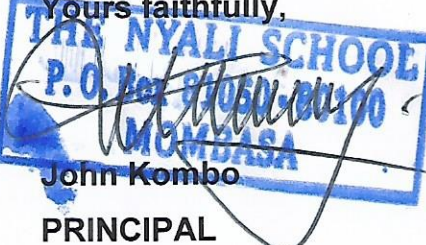

4. **SCHOOL FEES:** We thank all parents that cleared their fees payment despite the fact that the times are hard. I request those who still owe the school to make effort and clear their balances before end of next week to make next term light for the concerned parents. Our Accounts offices will remain open up to 23rd December 2021 to facilitate this.
5. **CBC CULTURE DAY:** Kindly note that the new curriculum (CBC) has a unit of culture that requires Grade 3, 4 and 5 to be assessed while taking part in cultural activities of any ethnic group and also prepare and display some foodstuff from those very communities. The assessment process has begun and will be completed tomorrow. Now on Saturday these CBC three classes and others will showcase what they have been assessed on by presenting their articles before the other pupils. It is NOT the usual culture day as what we have had in the past. This is academic and only for the concerned classes. The parents from those three classes (3, 4 and 5) are free to attend as from 8:30am to noon. The rest of the pupils not involved are not presenting any item and are free to remain home. Those attending religious activities over the weekend are free to do so without any fear of being reprimanded.
6. **REPORT BOOKS:** This very important document will be given to your child tomorrow as we close the school. Demand good results from your child. Make arrangement and talk to the teachers of your child and iron out any concerns that you may have concerning his/her academic performance.
7. **HOLIDAY ACTIVITIES:** For the pupils who may not be traveling out of Mombasa for one reason or another, the school has organized swimming and some ball games to occupy our learners effectively without turning them into the devil's

workshop. Get in touch with the concerned teachers and agree on the event you want your child to be involved in.

8. **STD. 6 TRIP:** This is scheduled to take place in March after schools close. Please note that this will only take place after ascertaining the safety of our pupils and in the event that other costs related to Covid-19 does not affect us. It is not a do or die trip. In the presence of some factors that make it difficult for the pupils to travel, the welfare of our pupils will take top priority. It is only a fool who doesn't change his mind. This is just but a guide in the event all is well. There should be no anxiety or worry on this trip issue.

On behalf of the Management Board, the staff and our trustees, we wish you Merry Christmas and a Happy New Year 2022. May the Almighty God Bless you abundantly in all your endeavours

Yours faithfully,

THE NYALI SCHOOL
