The Nyali School.  
Mombasa.

*The Mombasa Parents Club*

Dear Parents/Guardians,

**RE: THE PRINCIPAL'S BRIEF**

I hope you are all well and monitoring the studying of these angels for the time they are at home. There are no clear indicators on when our children will get back to school. We pray that God will heal our nation and protect us against all manner of strange illnesses and diseases coming left, right and centre.

**1. DISCIPLINE**

As God watches over our children while they are with you for more hours than usual, kindly oversee what goes on around them and let us insulate them against the many evil vices that are dominant in our society of today. Most of our pupils are very active, outgoing and curious. With this Coronavirus with us, let us not get tired of telling them what is required of them as far as hygiene and socializing is concerned. Let us also not cease praying even at this difficult moment for God's intervention. It shall be well with this beloved country in the name of Almighty God.

**2. ACADEMIC WORK**

None of us knows when we are likely to resume teaching and learning. To keep the pupils engaged throughout this period, we have organized very good assignments from PP1 to Std. 8. We have also worked on unified homework per stream. We believe this will keep our learners in touch with their books and ensure they don't turn their minds into the devil's workshop.

Some publishers will also be available to display and sell encyclopedias, test papers and homework booklets covering all subjects. These ones are optional. If a parent finds them useful, then you can buy for your child(ren). You are not forced or under any obligation to buy them. It is absolutely voluntary!

We even have digital revision material for the candidates free of charge.

Last but not least, use food wisely.

Yours faithfully,

**THE NYALI SCHOOL**
