Mombasa

*The Mombasa Parents Club*

Dear Parent/Guardian,

**RE: CHARITY WALK**

We have organized for a charity walk on 6<sup>th</sup> April, 2019 (Saturday) to enable us develop three different Resource Centres (Libraries) in the school to enhance effective teaching and learning. Our school library at the moment is in a sorry state-just empty shelves with some tattered old story books. This is unacceptable in this calibre of a school. Our children must be exposed to the best books-digitized in both English and Kiswahili to enable them develop the right reading culture which is one of the most 'chronic diseases' affecting Kenya. We can be a conduit of change and make learning even more interesting.

One of the key requirements of the Competence Based Curriculum (CBC) is to have state-of-the-art learning resource centres for PP1 and PP2, another one for Grade 1,2,3 and of course a main library for upper primary and the entire school in general.

The event will provide an ideal opportunity for the Club members to come together as a family for purposes of bonding and getting to know each other well as we do the walking and after the walk.

It is for these reasons that we are humbly requesting for your generous contribution by sponsoring the pupils to collect as much money as possible for us to realize this dream. It is a noble project for our children-the young scholars.

Honourable parents, let us all pool our resources and make our institution a wonderful centre of excellence for our children who we love very much and the generations to come.

Thank you in advance for your generosity over the years and may God bless you abundantly in all your endeavours. Appeal to our friends, well-wishers and corporates to generously support this worthy course.

More details on this will be provided as we gear towards the day.

Yours Faithfully,  
  
John Kombo  
Principal.
