Dear Members,

RE: VIRTUAL LEARNING PROGRAM FOR THE NYALI SCHOOL

The above matter refers.

Further to the Chairman's letter dated 11.5.2020, the Board of Management has received feedback from the members of the Club concerning the virtual learning program for our school. The Board has noted that a section of members of the Club are in support of the program and the accompanying costs while another section of the members do not support the program and the accompanying costs of running the program.

In order to promote cohesion among members and the voluntary participation in the virtual learning program, the Board has resolved to stop running the program in its current form with effect from 14.5.2020.

Enrolment on the program will be voluntary and on the basis of each individual member's willingness to meet the costs of offering the program by the school. Those members who are willing to enroll and participate in the program should contact the school Principal or the respective class teachers for facilitation of enrolment.

Those members who had made payment prior to this letter will remain enrolled for the program unless they communicate a contrary intention.

The Board remains committed to working with all the members of the Club as we all navigate the unprecedented challenges presented by the COVID-19 pandemic.

Stay safe. Stay blessed.

**Benjamin Gitonga.
Chairman.**
