The Mombasa Parents Club

25TH MAY, 2021

TO: ALL THE MEMBERS

RE: CHAIRMAN'S BRIEF -3rd TERM, 2021

This is a very eventful term and I urge all parents to continue giving their unwavering support to the teachers and all staff members in moulding our children during this difficult moments of the pandemic. Let us all stay safe and adhere to the MOH protocol even as we trust God for this monster to come to an end.

SCHOOL FEES

The term has started well and the month is midway through. A small fraction of the members have settled the school fees as required. However, I regret to note that majority of the members are yet to clear school fees and other dues. The worst of it all those members whose fees for last term is still in arrears and the children are in school.

In the usual manner therefore, the pupils whose fees has not been fully settled by **28th May 2021**, will not be allowed into class. Kindly clear to avoid interruption of your child (ren) education. If you have paid and not brought the deposit slip for official receipting kindly do so. Please note that we do not accept cash payment in school.

The school Principal is instructed to fully implement this directive and ensure that only pupils whose fees has been fully paid will be allowed in class as from Monday 30th May, 2021.

GRADE 4 CLASS OF 2021.

We are aware this little boys and girls are still at home while the rest of the children are in school. While we were making arrangements to see whether they could come to school half day, the Ministry gave stern warning and dire consequences that will face schools that will go against the directive to have this pupil's stay home up to 26th of July 2021. Since we are governed by the same Education Act we do not wish to violate this. Come up with positive ways to engage the pupils while they are at home. If you have other good suggestions visit the school and share with the Principal.

Finally on behalf of the Management Committee, I wish to thank each and every member for your commitment and support you have given us over the years.

We urge you to continue with the same spirit as we pray that this pandemic comes to an end for us to resume normally in our daily activities and more so for the school. Stay safe, blessed and above all let God reign in all our endeavors.

Yours faithfully,

BENJAMIN GITONGA
CLUB CHAIRMAN
