**MOMBASA**

Dear Parent/Guardian,

**RE: END OF TERM THREE 2022 CIRCULAR**

We thank the Almighty God for bringing us this far. It is a special year for the Nyali School family as Grade 6 and Std 8 will sit for the KPSEA (Kenya Primary School Education Assessment) and KCPE respectively. Keep on praying for our CBC Pioneers and the Champions to excel beyond our expectations. The period can be stressful and full of anxiety for the candidates, teachers and facilitators. Let us all offer stabilizers, understanding, encouragement and the required motivation.

The school is closing for the long holiday tomorrow 23<sup>rd</sup> November, 2022. We urge Parents and guardians to plan and occupy our children positively with academic work as learning is a continuous process.

**New Junior Secondary School School Bus:**

We would like to inform you our dear parents that the school has acquired a new School Bus-Mercedes Benz number KDK 446G. This will decongest the Mtwapa Route and offer comfort to our children. We thank God for this blessing and pray that it will serve the purpose.

**Junior Secondary School:**

The Board of Management is pleased to inform you that the construction is progressing on well. Much care has been taken to ensure learning is not disrupted and safety guaranteed. As we close the school for the long recess, we are confident that the classes will be ready before next term for smooth transition to Junior Secondary.

**Mombasa County Prize Giving Ceremony:**

In the year 2021 our school emerged one of the three best performing primary school in Mombasa County. Two of our pupils – Lionel Bandika and Amani Wairi were among the top three male candidates and they were awarded.

In the same spirit we believe this year we shall achieve exemplary performance than the previous years. Our candidates have undergone thorough preparation and they are very ready for the exams. God will do us proud again this year.

**School Fees:**

We would like to sincerely thank those parents and guardians who made sure that school fees has been cleared. Those with fee arrears, are requested to clear it by end of this month to enable our school operations run smoothly. Parents are encourage to pay for their next term's fees before the commencement. This is to avoid disruptions of your child(ren) learning next year.

The Board of Management appreciate your continued support you have accorded the school to both teaching, non-teaching staff and the pupils. Your cordial support has brought our esteemed institution this far.

Wishing you Merry Christmas and prosperous New Year 2023 and the very best of God's blessings in your daily operation as we navigate towards the end of the year.

Yours faithfully,

**BENJAMIN GITONGA**  
**CLUB CHAIRMAN**
