

13<sup>TH</sup> MARCH 2023

Dear Parent/ Guardian,

*The Mombasa Parents Club*

**RE: BIOMETRIC MACHINES AND THE TEST RUN AT THE NYALI SCHOOL**

In reference to the above subject, I hereby humbly on behalf the Nyali School request that you allow me state as follows:

- 1.) The biometric machines were brought to the Nyali School for a test run at no cost by a supplier from Nairobi. The school only facilitated the extension of power to the biometric machine points.
- 2.) We have come to the end of the test run on the biometric for the children that we launched a few weeks ago and it is now time to review and make a decision on its viability.
- 4.) We had some isolated challenges during the test for the weeks it has been running.
- 4) We equally carried out a survey on the viability of the biometric test run where we managed to receive responses from a number of parents. We have positively considered the feedback which will help us make a decision on its implementation, suspension or cancellation.
- 5.) We shall temporarily halt the use of the biometric machines as of Monday 14<sup>th</sup> March 2023 to allow us time to consider the views that have been raised by some parents and the cases of technicalities with the Biometric machine during the test run.
6. The test run with Biometric machines will still continue for staff afterward.

Dear parents, patience and support from each one of you are very key in enabling us to have a conducive and good learning environment for our children and the staff at the Nyali School. We are humbly looking forward to your support in ensuring that we get the best for our children academically, spiritually, emotionally and socially.

Allow me sincerely thank each one of you for the continuous support you have accorded us.

Kind Regards.

Yours faithfully,

For and on behalf of:

The Nyali School.

Toney Ongugo
