The Mombasa Parents Club

13th June 2023

Dear Honorable Members,

RE: SCHOOL FEE PAYMENT

Allow me draw your attention to the subject matter above.

Dear honorable members, our school solely depends on the revenue collected from the school fees and other levies to meet all the financial obligations and for the school to run smoothly. Our Club constitution is very clear on this matter that the club members ought to make payment on or before the first day of the semester. Refer to {Page 10 note 15(b) and page 11 note 16 (a, b, c and d)} *"School fees, college tuition and other training fees shall be payable on or before the first day of the school or college term or semester."*

In this regard therefore take notice that we resolved in our Board Meeting dated 12th June 2023 that we shall not allow any member who is in default to access the school services through their children as from **Wednesday 14th June 2023**.

In case you are in default, please do not drop your child to school because we shall call you to come and pick him/her which might be a bit inconveniencing. The school buses will not be used to transport those in default back home.

Thank you for your continued support and cooperation as we strive to provide holistic education for life.

Kind Regards,

Benjamin Gitonga

Club Chairman
