18th January, 2024

Dear Esteemed Parent,

RE: SCHOOL FEE REMINDER

I hope this message finds you well.

I would like to bring to your attention the importance of timely payment of school fees as it plays a crucial role in fulfilling our school's financial commitments.

Our school relies solely on the school levies to meet its various financial obligations, and it is essential for us to fulfill our duty of paying school fees promptly. This ensures the smooth planning and functioning of the school throughout the term.

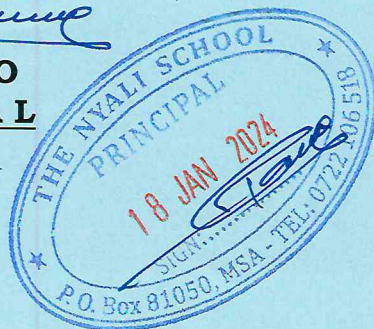

In this regard therefore, we kindly request that all parents settle any outstanding school fees as we shall not allow any learner with fee arrears to access the school services from **Monday 22nd January 2024**.

We appreciate those parents who have already responded to our initial communication regarding fee payments.

Your cooperation and support dear parent are vital in maintaining a conducive learning environment for all our students.

Yours faithfully,
For and on behalf of:
The Nyali School.
